CPC's LC Series chrome-plated brass couplings are built tough and made to last in the most demanding applications. Ideal for use with higher temperature or pressure, the LC Series features a one-hand operation for swift and easy connects and disconnects. These couplings offer the flexibility of multiple configurations and terminations to mate with both the PLC acetal and PLC12 polypropylene couplings.

Features - Benefits

- Brass material - Durable construction withstands higher pressure and temperature
- Chrome plating - Attractive appearance
- High temperature capability - Versions rated to 400°F (204°C)
- CPC thumb latch - One-hand connection and disconnection
- Compatible - LC mates with PLC Series couplings

These graphs are intended to give you a general idea of the performance capabilities of each product line. Contact CPC for flow of a particular coupling combination.
